

1. 次の文章の[1][2]に入れるのに最も適当な語句を、それぞれ下の1～4のうちから一つずつ選べ。

Sexual harassment in the workplace is a serious and widespread problem. Though some men think sexual harassment does not occur, surveys indicate that four out of ten working women have been subjected to it. [1] the growing development of new policies on harassment shows that American companies are taking it seriously. [2] legal pressures are forcing companies to take some action, sexual harassment will continue as long as men hold most of the power in the workplace.

1. Because
2. If
3. Since
4. Though

2. 次の文章の[1][2]に入れるのに最も適当な語句を、それぞれ下の1～4のうちから一つずつ選べ。

We know that the national diet in some countries is healthier than it is in others. For instance, Japanese food is relatively healthy because it contains nutritious ingredients such as soy products. In addition, Japanese food is quite low in fat. [1], life expectancy in Japan is one of the highest in the world. That is why Japanese restaurants are attracting more and more people in Western countries. [2], some diseases are more common in Japan than elsewhere. This suggests it is possible for people in Japan to have an even better diet.

1. On the other hand
2. Consequently
3. After all
4. What is more

3. 次の文章の[1][2]に入れるのに最も適切な語句を、それぞれ下の1～4のうちから一つずつ選べ。

If you didn't give it much thought, you might assume that being wealthy means the same thing in all countries. But this is not really the case. In Japan, [1], being wealthy generally means owning property and having a large bank balance. In parts of Africa, being wealthy may mean owning twenty goats on a small piece of land and having up to five wives and many children, even if there is no hope of ever educating them. [2] what it means to be wealthy can be quite different, depending on whether you live in a developed country or a developing one.
